CLASSTILE

IT_Nel 2006 in Galileo s.r.l. nasce ClassTile: un progetto strutturato come canale puramente dedicato alla commercializzazione di piastrelle, orientato al ciclo continuo di acquisto e vendita su scala internazionale e non solo grazie alla presenza sui mercati del Far East, in grado di garantire buone performance in termini di fatturato. È nel 2013 che Galileo s.r.l. dà a ClassTile una nuova essenza: l'evoluzione del brand si basa sulla scelta di portare avanti un progetto di ricerca interna, sempre mantenendo vivo il profondo DNA commerciale che da sempre ne è la cifra caratteristica. ClassTile si consolida così come brand di stampo tradizionale con un'un'anima orientata al futuro: produzione e commercializzazione di prodotti ceramici di qualità superiore per pavimenti e rivestimenti. Dal gres porcellanato tecnico allo smaltato fino alle ricercate collezioni in pasta bianca: le soluzioni a marchio ClassTile sono sinonimo del binomio inscindibile di tecnica e innovazione, espressione del migliore made in Italy ceramico, sempre attento all'estetica e alla sostenibilità ambientale dei cicli produttivi.

FR_En 2006, Galileo s.r.l. crée Class Tile : un projet structuré comme un canal purement dédié à la commercialisation de carreaux, orienté vers le cycle continu d'achat et de vente à l'échelle internationale et non seulement grâce à la présence sur les marchés d'Extrême-Orient, capable d'assurer de bonnes performances en termes de chiffre d'affaires. C'est en 2013 que Galileo s.r.l. donne à Class Tile une nouvelle essence : l'évolution de la marque se base sur le choix de réaliser un projet de recherche interne, en préservant le profond ADN commercial qui la caractérise depuis toujours. Class Tile se consolide ainsi comme une marque traditionnelle avec une âme tournée vers l'avenir : la production et la commercialisation de produits céramiques de qualité supérieure pour les sols et les murs. Du grès cérame technique au grès cérame émaillé en passant par les collections sophistiquées à pâte blanche : les solutions de la marque Class Tile sont synonymes du binôme indissoluble technique-innovation, l'expression du meilleur de la céramique Made in Italy, toujours attentive à l'esthétique et à la durabilité environnementale des cycles de production.

EN_In 2006, Galileo s.r.l. created ClassTile, a project dedicated entirely to the marketing of tiles. Class Tile is geared towards establishing a continuous buying and selling cycle on an international scale - given the company's presence in Asian markets - which guarantee good turnover levels. It was in 2013 that Galileo s.r.l. took Class Tile in a new direction. This development arose from launching an internal research & development project, in order to maintain the approach to sales that had always been baked into the brand's DNA. Class Tile grew into a traditional yet forward-thinking brand which manufactures and markets top-end ceramics for floors and walls. From technical solutions, to glazed porcelain stoneware, and to sophisticated white-body collections, Class Tile is characterised by an inseparable pairing of technique and innovation, with one eye towards aesthetics, and the other on environmentally sustainable production. Truly an example of the finest ceramics, made (entirely) in Italy.

DE_Im Jahr 2006 entsteht in der Galileo s.r.l. Class Tile: ein Projekt, das als Kanal strukturiert ist, der ausschließlich der Vermarktung von Fliesen gewidmet ist, auf den kontinuierlichen Zyklus des Kaufs und Verkaufs im internationalen Maßstab abzielt und - nicht nur dank der Präsenz auf den Märkten in Fernost - gute Leistungen in Bezug auf den Umsatz garantieren kann. Im Jahr 2013 verleiht die Galileo s.r.l. Class Tile eine neue Essenz: die Entwicklung der Marke beruht auf der Entscheidung, ein internes Forschungsprojekt durchzuführen, wobei die tiefgreifende geschäftliche DNA, die immer ihr Markenzeichen war, stets am Leben erhalten wird. Class Tile wird somit als Marke im traditionellen Stil mit einer zukunftsorientierten Seele konsolidiert: Produktion und Vermarktung hochwertiger Keramikprodukte als Boden- und Wandbeläge. Vom technischen über glasiertes Feinsteinzeug bis hin zu raffinierten Kollektionen aus weißer Masse: die Lösungen der Marke Class Tile stehen für das untrennbare Binom von Technik und Innovation, was Ausdruck der besten Keramik made in Italy ist, wobei stets auf Ästhetik und ökologische Nachhaltigkeit der Produktionszyklen geachtet wird.

EN_GENERAL SALES AND PROPERTY CONDITIONS

All orders must be in written form and - even if drawn up by our agents - are to be considered confirmed from us Price of our Price list are not binding: we could make changes before accepting orders. Even after an order confirmation, until the delivery, it is within our authority to make price changes, due to higher costs of raw materials, labour, fuel or production costs. All payments must be made within the agreed term directly to our Headquarters in Maranello. Any costs due to delayed payments or extended terms are at the buyer's expense. For failure to respect terms of payment we reserve the right to suspend all further consignments of goods on order without any communication. Delivery dates are purely indicative; any eventual delay in delivery, interruption, total or partial suspension of supplies, are not reason for indemnity or compensation for damages. Goods are delivered ex-factory. Our responsibility ends upon consignment of goods to driver, goods travel at the risk of the receiver and for this reason we do not accept claims for damaged or tampered goods. Eventual agreements with shipping agents, even if transports costs are included, are understood always to be concluded on behalf of the buyer and in his name thus ratifying and accepting our actions. All goods remain our property until payment has been fully effected. Guarantee against defects is limited to first choice goods and to quantities above the accepted allowance of 5% . For goods of inferior choice we are not obliged to guarantee either quality or suitability. The obligation of guarantee commits us to the sole replacement of goods with the exclusion of any responsibility for damages - direct or indirect - suffered by the buyer. Any eventual claim regarding quality, quantity or type of material must reach us within 8 days of delivery date. Buyers commit themselves to hold any claimed goods at our disposal, thus allowing us to control denounced defects. In all cases the laying of tiles exempts us from any responsibility as it is compulsory that products are controlled by the buyer before being put into use. No survey will be promoted on our materials if the decree of appointment of the expert does not come directly and beforehand to our offices giving enough time for us to be present during the expert's control. No deference of merit application will be promoted by the purchaser unless all the invoice costs for materials already collected have been entirely paid. For no reason may a buyer return goods without our written authorisation. In case of strikes, closure, reduction or lack of raw materials, transport-problems, war, revolt, interruption of communications - whatever the reason - kilns out of order or any another unforeseen event, we reserve the right to suspend deliveries and even cancel orders without the buyers having any right to claim damages. The law-courts of Modena are exclusively responsible in handing any controversy or claim whatsoever.
